Dear Laura,

I am writing to express my interest in joining the Board of Directors of the International Marce Society.

My personal experience with postpartum depression and anxiety has fueled my passion about working in the field of maternal mental health. When I experienced postpartum depression and anxiety, it took me almost six months to find the help I needed. No woman should suffer needlessly as I did.

As the Founding Executive Director of the Maternal Mental Health Leadership Alliance, I believe that I can contribute information about national-level policy and practice related to maternal mental health that would benefit the Marce Society and its members.

Many thanks for your kind consideration of this application. It would be my great honor to serve alongside the amazing leaders of the Marce Society to promote the mental health of childbearing women. Should you need any additional information, please contact me at Adrienne.griffen@gmail.com or 571-643-2738.

Sincerely,
